Congratulatory note from the Governor of the State Bank of Vietnam

The SEACEN Centre has come a long way in the last twenty-five years in serving as a centre for training and research for its member banks. In this special occasion, I would like to convey my sincerest congratulations to SEACEN. I strongly believe that with its clear Vision, Mission, Shared Values and Key Performance Indicators, the SEACEN continues to become a premier regional training centre for central banks in the Asia-Pacific region. I wish SEACEN every success on the way ahead and continue to be the bridge among member banks and strategic partners for better building capacity of central banks in the Asia-Pacific region.

Le Duc Thuy
