

Congratulatory Note
by
Governor U Than Nyein, Central Bank of Myanmar

It is indeed an honour and pleasure for me to join other SEACEN Governors in providing congratulatory note on the occasion of the 25th Anniversary of the SEACEN Centre.

Looking back over the past 25 years we can proudly say that the SEACEN has achieved much in carrying out its main responsibilities in its training and research activities. However as there are challenges ahead member banks should not be complacent by these worthy achievements. We should make efforts to meet the changing and diverse needs of the member banks by further improving the Centre's program.

In conclusion, I would like to express my sincere congratulations for the SEACEN Centre's excellent achievements in becoming the premier regional training Centre for member banks in the Asia-Pacific region. We also wish the Centre further success in the future.

Thank you.
