

On behalf of the Central Bank of the Republic of China (Taiwan), I would like to congratulate the management and staff of the SEACEN Centre, past and present, on your success over the last twenty-five years. In the true spirit of fellowship and cooperation, the Centre has brought together an outstanding group of talents to provide quality training and research products for member central banks. Today, SEACEN can indeed claim to be “a premier training centre for central banks in the Asia-Pacific region.”

In addition to research and training, the SEACEN Centre has also played an important role in providing a platform for Asian central bankers to share information and exchange ideas. At a personal level, I have certainly found SEACEN valuable in building friendships as well as fostering regional cooperation.

As we celebrate your contribution to the SEACEN family of central bankers, we also offer our best wishes for continued success.
