

Executive Director

Location: Kuala Lumpur, Malaysia
Contract Type: Fixed Term (3 years)

The SEACEN Centre

The South East Asian Central Banks (SEACEN) Research and Training Centre

The SEACEN Centre (SEACEN) seeks an outstanding and experienced leader as its Executive Director for a three-year fixed term during the period from **July 1st 2023 to June 30th 2026**. The contract for the position has an option to be renewed for up to three years.

Based in Kuala Lumpur, SEACEN represents a learning and research collaboration among 19 member central banks and monetary authorities from the Asia-Pacific region. Established in 1982, the Centre has provided learning and research opportunities to generations of central bankers. SEACEN has strengthened its internal faculty of experts in central banking in order to elevate its position to become the leading regional hub for learning and research in central banking, with a focus on macroeconomic and monetary policy management, financial stability and supervision, payment and settlement systems, as well as leadership and central bank governance.

Job Description

The Executive Director of SEACEN heads a team of experienced staff from diverse backgrounds and nationalities, and collaborates with member central banks and international strategic partners to deliver high-impact and vibrant learning and research programmes in order to effectively build the capacity of member central banks and establish an effective platform for the building of regional views. The Executive Director will also drive organisational development strategies to ensure continuous operational efficiency and effectiveness in serving SEACEN's current and future business needs.

Reporting to Governors and Deputy Governors of its member central banks, the successful candidate is expected to contribute strategic direction and visionary leadership in raising the profile of SEACEN as the leading regional hub for learning and research in central banking.

Desired Attributes

The candidate must have at least master's degree qualification in core central banking areas such as macroeconomics, monetary economics, accounting, finance and banking. A Ph.D. and a good record of academic publications will be an added advantage. He or she must have at least 10 years of working experience in a senior management position in a central bank, the financial sector, a multilateral organisation or academia. Candidates with extensive experience in overseeing learning and research programmes will have a distinct advantage. He or she must have a positive and collaborative leadership style that motivates and inspires performance and excellence. Outstanding communication skills in English language and being highly result-oriented are also essential.

The position provides a competitive tax-free remuneration package and other benefits including a car with a driver, full home rental reimbursement, allowance for children's education and other allowances.

Applications, which include a curriculum vitae, should be submitted by **September 12, 2022**, to shuhaila.ibrahim@seacen.org; minh.nguyenquang@sbv.gov.vn, addressed to:
